

## Stationery list for students: 2018-2019

- Students should purchase the listed items, and bring the necessary materials to class every day. Materials can be kept at home or at school, if the student has a locker.
- All items should be named clearly in the event that they are misplaced.
- The school operates on the Windows 365 suite for Education. Students will set up digital spaces for their subject areas in either One drive or One Note at the start of the year.
- Some students may wish to keep an organizational system for hard copies in each of their subject areas.

Subject	MY1	MY2	MY3	MY4
<b>Design</b>	A4 sketchbook (available for purchase from Mr Baragwanath)			
<b>English</b>	A4 exercise book and A4 display folder
