

TEENAGERS, DRUGS AND ALCOHOL

There has been a huge media focus on the recent increase in drug use among young people and teenagers in Sandefjord and the wider community.

As parents, guardians and carers we want to ensure that our children and teenagers make the right choices.

Skagerak School Environment Committee in collaboration with Sandefjord police and Sandefjord *kommune* would like to invite you to attend a very important event with the theme *Teenagers, drugs and alcohol* on **Wednesday 4th March 18.00 - 20.15** in the Lars Ask Auditorium.

This is an interactive workshop event.

You will have the opportunity to ask questions, share your concerns and gain valuable information. The police will provide information on the current situation relating to teenagers, drugs and alcohol in Sandefjord. You will also learn about the support available and measures implemented by both Skagerak School and Sandefjord *kommune* to deal with drug and alcohol use by students and young people in our community.

Guest Speakers

- Sandefjord police - Katrine Henriksen
- Sandefjord *kommune*- Eddie Whyte
- Sandefjord *kommune* - School Nurse
- Skagerak school - James Tester

Refreshments will be served.

Parental involvement plays a major role in preventing drug and alcohol use among teenagers.

Please make every effort to attend!

Skagerak Parent Council
