

Ordflyt becomes Storytel - and launches subscription service for audio books.

Ordflyt has been a test service for streaming of audio books. Now Ordflyt merger with the international audiobook service Storytel, and becomes Storytel.no.

With Storytel you can listen to thousands of audiobooks for only NOK 169,- per month. Select from audio books in Norwegian, Swedish and English, directly from the app to your mobile, your tablet or your computer.

What do you get with Storytel.no?

Storytel is Scandinavia's biggest service for audiobooks, and works similarly to Netflix for movies and Spotify for music. With Storytel.no get:

- unlimited listening to thousands of audio books in Norwegian, Swedish and English
- app for iPhone / iPad and Android
- far better technical solution than with Ordflyt
- store up to 5 books offline
- no minimum purchase, and the contract can be cancelled at any time
- automatic bookmarking, so you can always continue where you left off
- 30 days free of charge for all Ordflyt customers and much much more.

E-books coming this fall!

In the autumn of 2014, Storytel include thousands of Norwegian, Swedish and English e-books service. Without subscription the price will be higher!

For books that are available as both e-book and audio book, you will then be able to easily switch between listening and reading from Storytel app for iPhone / iPad and Android.
